[11:35] <bethelewd> gamemaster welcome to my world  
[11:35] <atlastelamon9> Just read the news. Pretty serious train wreck  
[11:35] <darksydephil> this is like the 5th major train wreck since i moved  
[11:35] <darksydephil> seems like the train infrastructure in the USA is falling apart  
[11:36] <atlastelamon9> Bad engineering I guess  
[11:36] <atlastelamon9> Seven wagons falling of on to the road  
[11:36] <majinboo3> Train travel is irrelevant in the US its not like in europe  
[11:36] <majinboo3> where trains mean something  
[11:36] <atlastelamon9> In Europe its pretty good  
[11:36] <atlastelamon9> Semi-governmentally run  
[11:36] <bethelewd> im ready for lag switch users  
[11:36] <bethelewd> :P  
[11:37] <majinboo3> America is without a doubt a car country  
[11:37] <deepdrive3254> trains use to be vital in the us  
[11:37] <majinboo3> only thing americans like more then cars is guns  
[11:37] <darksydephil> i cant believe that one fucking guy from last session who obviously had his internet fucked so the match wuld slow down  
[11:37] <darksydephil> what a turd he was  
[11:37] <deepdrive3254> now noone trusts amtrak for anything but being late  
[11:37] <majinboo3> everyones desperate to win online  
[11:37] <majinboo3> even if they have to be cheating bitches  
[11:37] <kozatof> @deepdrive3254 mod eh  
[11:37] <darksydephil> amtrak was actually good on the east coast, it was WAY better than the other Metro North lines  
[11:37] <darksydephil> more reliable and more comfortable  
[11:38] <atlastelamon9> No one will travel Portland - Seattle again on that track  
[11:38] <darksydephil> seriously this sucks atlastelamon9 bc that was a major tourist rail and i hoped to take it some day  
[11:38] <deepdrive3254> thats good to hear  
[11:38] <darksydephil> rather than drive down there which would take forever  
[11:38] <majinboo3> oh wait this was in dupont LOL  
[11:38] <majinboo3> SAY NO MRe  
[11:38] <majinboo3> MORE  
[11:38] <majinboo3> That place is absolute shit no wonder that train derailed  
[11:39] <atlastelamon9> Would you take the change after today Phil?  
[11:39] <atlastelamon9> Chance

[11:40] <nich2440> Maybe he's just fucking around Phil?

[11:40] <kozatof> It seemed too good to be true

[11:40] <deepdrive3254> escort lady is probably just another dude on the internet

[11:41] <atlastelamon9> US rail system is heavily in decline for years

[11:41] <darksydephil> escort lady is a detractor catfish account, it's only insanely obvious if you actually read like, 2 tweets

[11:41] <kozatof> Ahhh alright thanks @darksydephil

[11:43] <majinboo3> the highest viewed remix is the motorstorm Apocalypse one i believe

[11:43] <majinboo3> it has pretty good views

[11:43] <kozatof> Are all these videos in the same order ? Do you ever mix them up

[11:43] <kozatof> Cause it seems thugs on the floor always plays while others are missed out on like heavy rain

[11:47] <leonaras> @Darksydephil Dont you think for the christmas drinking stream it would have been a better idea to just do jackbox with patrons/everyone rather than the rather mediocre selection of christmas games? Party games fit perfectly with the season.

[11:47] <manyperegrine81> Say what you want about Phil. He is Good in improvising haha. Anyone remembers Ducktales

[11:48] <darksydephil> nobody wants to see jackbox again, i ran that game into the ground

[12:01] <jjbx22> o-o he was literally stuck on 1 boss for about 30 minutes  
[12:01] <convertedclone> listen guys, it's easy to make the switch. trust me my dad works at nintendo  
[12:01] <majinboo3> Your not understanding jjbx

[12:03] <kekon3> I mean footsies into specials  
[12:03] <convertedclone> no reason to think the switch is so much easier to produce than anything else just because it's a portable. It's still highly bespoke, and in fact uses even more customized parts than the other consoles  
[12:03] <jjbx22> >died more in mgs1 than 2 and 3 didnt do bad  
[12:03] <theycallmejimbob> isn't there a dragonball fighting game coming out next month Kinggoken was sayng dspHmm  
[12:03] <sickogrind> Youre gonna hate this

[12:36] <scruffshark> so idk

[12:36] <ludwigh2018> cheer100 Hey Phil, I think the "detractors" hate you because you seem to always talk about money. Past three years have been about you wanting money. Plus, the "detractors" keep on talking about broken promises like project 7 and other patreon goals that you went back on like quitting a patreon funded goal. I personally see no problem with you wanting money since other twitch users ask for money too. Keep on going

on Phil :)

[12:58] <sleepsinthedark> you said the s word  
[12:58] <ccous666> @jjbx22 once yu know about whiff punish and combos yur good  
[12:58] <londorgael> But then it seems like if the game is catered towards new players, older players like Phil say that it's sad that they're not "how they used to be". Similar to gatekeeping.  
[12:58] <bethelewd> i watche both kingsman movies and i enjoyed em both  
[12:59] <leonas> Someone donate a PS4 plus to phil for christmas Kappa show that christmas spirit  
[12:59] <jjbx22> @CCous666 lol no

[12:59] <bethelewd> yes practise  
[12:59] <katexo234> of course jimbob it's got Cate Blanchette and Sandra bullock in it with Rihanna in it as well  
[12:59] <ccous666> @jjbx22 dont like bragging n shit but ive been playing tekken for 8yrs, i know something dude  
[13:00] <markymark52> I have to say this music sucks though. Sounds like it was made in a MIDI program.  
[13:00] <jjbx22> but whiff punishing and combos isnt everything  
[13:00] <ccous666> i agree  
[13:00] <florglorp> londorgael sadly the high barrier of entry correlates with depth and depth is definitely the appealing part. older players have seen so many "easy to get into" games that lacked that depth they like about these games, that they tend to make that association right away  
[13:00] <leonas> @markymark52 its classic EX music and its fantastic.  
[13:00] <bethelewd> do americans even know what kingsman is  
[13:00] <bethelewd> i dont even know it might be a british made thing

[13:01] <bethelewd> jim you want a good cast how about samuel jackson, gary oldman, channing tatum and halle berry  
[13:01] <bethelewd> thats only in 2 movies  
[13:02] <jjbx22> thats not real lol  
[13:02] <londorgael> @florglorp Yeah that makes sense. It's just a weird form of gatekeeping. Good input tho  
[13:02] <bethelewd> that isnt even all of em  
[13:02] <theycallmejimbob> dspHm what movie is that BeTheLewd  
[13:02] <theotherpoolboy> isnt there an option so phil can see his inputs? Kappa

[13:02] <katexo234> channing Tatum wasn't in the first Kingsman bethe the fuck  
[13:02] <darthradovanviking> oh is he talking about a movie. I thought it was like some honor codex for english patriots or something

[13:02] <bos2161> lmao  
[13:03] <obeychuy89> cahmbow  
[13:03] <florglorp> londorgael there are just so many options and ways to combine them. there is always some counter to everything else anyone does. it's just a matter of figuring it out. fighting games reward you a lot for

spending time with them and thinking about it, imho like nothing else really (and not just through repetition). I guess that's why people like them

[13:05] <darthradovanviking> hello hank hills

[13:05] <londorgael> @florglorp yeah reading some peoples comments i can see the competitive aspect being the main draw. It's like that for most multiplayer games in the sense of just being competitive and wanting to win. I've tried injustice and honestly I got through the story button mashing and using one combo. It seems very complicated as an outsider.

[13:07] <florglorp> @londorgael yeah, singleplayer modes in fighting games super boring super often. why do you like to think about this stuff? just tried to get into it and didn't see the appeal? or are you interested as a designer?

[13:08] <kingofhypocrisy> Phil had to wash some more "honey" off his hands Kappa  
[13:08] <bethelewd> i like her  
[13:08] <i\_came\_here\_to\_something> I don't get why Phil never considers the fact the FGC is WAAAY more developed now vs. the 90s/early 2000s. Plus there's the internet. That's why tech gets around so quickly, not b/c the games have been simplified.

[13:10] <markymark52> It's Monday, not going to find many matches. Many people are at work like me.

[13:11] <theycallmejimbob> cahman BeTheLewd NotLikeThis

[13:11] <wxrxaxtxh> play tekken 7

[13:11] <dweebenheimer20> Street fighter 2 is the most simple game to pick up and play, yet one of the most complex at high level, thats the key

[13:11] <bionich00t> Hey Phil I might name one of my kids to be born Phil by coincidence how about that @DarksydePhil

[13:11] <dweebenheimer20> (SSF2T)

[13:11] <londorgael> @jjbx22 like i said, I didn't want to after being turned off. There wasn't a tutorial or anything to teach yourself. Not interested in watching a 30 min youtube video to understand lol

[13:11] <bethelewd> jims downfall will be

[13:11] <bionich00t> Maybe he'll be on the dark side too

[13:11] <bethelewd> GLORIOUS

[13:11] <kekon3> ater a match is over it always takes you back too the menu, so I don't recommend doing this

[13:11] <jjbx22> @londorgael what youtube video go to trainingmode and learn your char

[13:11] <kekon3> also, matchmaking is kinda slow in FEXL

[13:11] <jjbx22> u cant learn a game in 5 minutes and expect to win lol?

[13:12] <yoursaltygymsocks> Where the waifus at VoHiYo

[13:12] <jjbx22> @londorgael and injustice has a tutorial o-o

[13:12] <sanya1627> chicken dinner

[13:13] <bionich00t> @DarksydePhil have you heard the rumor that internally Capcom has said they've dropped all support of Marvel Infinite? Internal memos say they don't plan any more DLC or balance patches

[13:13] <londorgael> @jjbx22 are you daft? Like I said before, wasn't very good at using the controller to do the combos, and didn't want to invest significant time to learn one character. Much rather just play something else. I pretty much button mashed through the injustice games to see their story at that point.

[13:13] <bethelewd> so zayn and owens kept their jobs whilst dolph became new us champ and the usos, charlotte and aj styles retained thier belts

[13:13] <jjbx22> lol how long did u play injustice 2

[13:13] <jjbx22> @DarksydePhil and what do u mean learn 1 char injustice is easy

[13:13] <wxrxaxtxh> @jjbx22 until he fought deadshot

[13:13] <stuart360> Capcom are a joke these days, a shadow of what they once were

[13:13] <katexo234> Charlotte TakeNRG

[13:13] <kekon3> @DarksydePhil also I'll get on if it means you need a match

[13:13] <jjbx22> u can literally play someone like super girl? the game isnt hard o-o

[13:13] <kinggoken> dang marvel infinite flopped that much?

[13:14] <dweebenheimer20> @stuart360 thats putting it lightly

[13:14] <bethelewd> kate i wanted her to beat natayla

[13:14] <kingofhypocrisy> That's Phil's favorite game

[13:14] <wubegg> poor Mvci :(

[13:14] <kekon3> hey, that news isn't real

[13:14] <bionich00t> One season of SFV DLC cost more than the development of Marvel Infinite apparently lol

[13:14] <dannyhikari> @DarksydePhil i want to see you go back to street fighter v even tho you hate it :(

[13:14] <theycallmejimbob> dspPepe

[13:14] <kekon3> Infinite is still getting suppoort

[13:14] <kinggoken> can't believe a mahvel game flopped

[13:14] <drillbit777> New DB fighterz stream finally showed the dub PogChamp

[13:14] <scruffshark> A sequel should be expected to be similar to the last game.

[13:14] <kekon3> here phil, i'll hop on

[13:21] <hankhillpropanegod> tdogSad

[13:21] <thepastryarchy> @stuart360 I think a lot of that comes from the fact that fighting games are far more niche than other platforms, so if you're going to make a fighting game these days, you gotta get it far more right than most others.

[15:23] <mrkarlsync> how far from release is this game? looks so unfinished.  
[15:23] <dweebenheimer20> @MrKarlSync "2018"  
[15:24] <stratman1909> it was revealed a few months ago iirc  
[15:24] <mrkarlsync> iirc it was revealed on april 1st as a joke but it wasnt ajoke.  
[15:24] <stratman1909> wont be surprised if it gets rushed for evo  
[15:24] <dweebenheimer20> Nah, this aint Capcom, they want to make a videogame, not e-sports  
[15:25] <stratman1909> well that's good  
[15:25] <dreamcatalog> don't you slander my basic cable celebrity tournaments!!!  
[15:26] <mrkarlsync> anyreason why dsp isnt coming back for season 3 of sf5?  
[15:26] <dreamcatalog> the mine collapsed  
[15:26] <kekon3> enough bad will  
[15:26] <mrkarlsync> the game has changed alot since aseason 1  
[15:27] <stratman1909> i remember gettin sfv at launch  
[15:27] <stratman1909> it was the bestest Kappa  
[15:27] <kekon3> I'm literally playing SFV rn  
[15:27] <kekon3> it hasn't really  
[15:27] <mrkarlsync> sf5 is by no means perfect but out of all the popular fighting games out, its easily the best imo.  
[15:27] <assassinaltair7> Nothing I could do  
[15:28] <stratman1909> tekken is pretty gud  
[15:28] <kekon3> unless Season3 radically changes things, I doubt phil will get into it  
[15:28] <stratman1909> im more a tekken dood tho  
[15:28] <mrkarlsync> prefer combos to juggles. hate seeing characters float by being jabbed. silliness.  
[15:28] <skooma\_dealer> i sleep  
[15:28] <skooma\_dealer> i wake  
[15:28] <skooma\_dealer> WOKE  
[15:28] <i\_came\_here\_to\_something> SFV's gotten a lot better since the early days; too bad Phil hasn't given it a second shake like it deserves imho  
[15:28] <kekon3> Phil, you want the uppercut super after stab  
[15:28] <mrkarlsync> @kekon3 I think I know why dsp wont come back to sf5.  
[15:28] <dreamcatalog> it hurt him. too deeply  
[15:29] <fondlemonster> I myself am a former pro fighting game player

[15:29] <skooma\_dealer> ;)  
[15:29] <dreamcatalog> at least we have the turbo release in May 2018  
[15:30] <dreamcatalog> re release  
[15:30] <kekon3> I'm not cute jfc  
[15:30] <skooma\_dealer> yes you are wth  
[15:30] <kekon3> >:( this is a bannable offense  
[15:30] <skooma\_dealer> tfw he doesnt believe me :)  
[15:30] <skooma\_dealer> :(  
[15:30] <mrkarlsync> im more interested in sf3 tbh. never played it when it released. looks like id enjoy it alot.  
[15:30] <kekon3> MrKarl, you'd like DOA a lot I think, DoA4 had some good ground combos  
[15:30] <dreamcatalog> can you two get each other's number  
[15:31] <skooma\_dealer> he can have mine bb  
[15:31] <kekon3> also this game, not many long juggles  
[15:31] <mrkarlsync> think the last DOA I played was 2, to much titty bouncing tbh lol. moved onto soul calibre.  
[15:31] <dreamcatalog> ðŸ˜~, ðŸ˜~,  
[15:31] <kekon3> soul cal is p good, but that has a bit of juggling in it too  
[15:31] <stratman1909> i member mkx :(  
[15:32] <mrkarlsync> been many moons since i played SC. look forward to what the newest installment brings.  
[15:32] <kekon3> same, it got me excited  
[15:32] <stratman1909> fav sc?  
[15:32] <assassinaltair7> This game looks garbage  
[15:32] <i\_came\_here\_to\_something> @MrKarlSync 3S is overrated in some ways. SFV's a better fighter in several aspects, I think people's start realizing that more once Unreal removes the engine lag.  
[15:32] <dreamcatalog> star craft  
[15:32] <kekon3> 2 followed by 5  
[15:32] <stratman1909> 2 is pretty great  
[15:33] <mrkarlsync> think mine was 4. the release after the one with spawn. heichi and yoda in the cross console release  
[15:33] <stratman1909> i liked 4  
[15:33] <kekon3> SFV hasn't implemented the patch, hopefully that's in  
[15:33] <espada\_92> which fightstick does dsp use  
[15:33] <kekon3> in Arcade Edition  
[15:33] <dreamcatalog> the MashBash3000  
[15:33] <fluffymoochicken> Garuda isn't very good I think  
[15:33] <kekon3> just played 3rd strike a day ago, still loots of fun  
[15:34] <kekon3> yeah, garuda is probably lowest character in beta  
[15:34] <i\_came\_here\_to\_something> They can't implement complete lag reduction Kekon b/c Epic isn't doing that until like middle of next year and AE launches January. It'll eventually make it to Season 3 tho. People should know that the lag affects all Unreal 4 fighters, not just SFV  
[15:34] <spacejesustogroundcontrol> Million Dollar Extreme is the best anime!  
[15:34] <fluffymoochicken> Also other characters are super good  
[15:34] <skooma\_dealer> i need to know why i cant get a gf  
[15:34] <fluffymoochicken> Allen is ridiculous  
[15:34] <skooma\_dealer> Is it my raging gayness or autism  
[15:34] <stratman1909> yes Kappa  
[15:35] <dreamcatalog> who is million dolar extremely  
[15:35] <kekon3> yeah, I've noticed @I\_Came\_Here\_To\_Something it was in Tekken 7 and I got annoyed at that

[15:35] <dreamcatalog> you must mean DarkSyde Sam  
[15:35] <mrkarlsync> @Skooma\_Dealer chicks sense desperation instantly. focus on yourself. improve yourself in mind body and spirit. and youll draw the one for you closer. lift weights, eat right. boom.  
[15:35] <kekon3> Hoping its not in SC6 or DBFZ  
[15:35] <skooma\_dealer> @MrKarlSync I need to get buff on that brotien  
[15:35] <ornightz> cheer10 #charity Garuda's Fire Special is charageable and can act as a defensive however it has one blind spot  
[15:36] <fluffymoochicken> Prepare for an uphill battle unless the other guy is bad  
[15:36] <assassinaltair7> I myself am a former pro fighting game player  
[15:36] <mrkarlsync> it will be a slow but steady process. stick with it and youll be fine. dont expect instant results.  
[15:36] <madibased> phils getting his ass, whooped  
[15:36] <skooma\_dealer> yeah i need to cut out carbs  
[15:36] <sturbridges> Right in their hole  
[15:36] <skooma\_dealer> i love carbs but its bad 4u  
[15:36] <dreamcatalog> Lol the voices sound recorded via phone  
[15:36] <spacejesustogroundcontrol> BWAKING THAT  
[15:36] <theycallmejimbob> lean meats and leafy greens Skooma  
[15:37] <i\_came\_here\_to\_something> I really don't get all the love for 3S. It's a pretty good game, great even at times, but it really needed another balance patch and adjustments for game mechanics  
[15:38] <i\_came\_here\_to\_something> But I'll still get Anniversary for it so Kappa  
[15:38] <kekon3> Big changes SFV needs to make I don't think they'll do is backdashing needs to be reworked, game needs a speed boost they needs to change a long list of hitboxes, throws need to throw opponents further, air to air exchanges need to not lead to ambiguous landings  
[15:38] <spacejesustogroundcontrol> When will you be a real man and p[lay Virtua Fighter 2?  
[15:38] <kekon3> a bunch of stuff, but it's p rooted in the design of SFV  
[15:38] <jjbx22> sfv doesnt need a speed boost  
[15:38] <jjbx22> and sfv fixed the thrw loops  
[15:39] <jjbx22> street fighter isnt animethe paceing is fine  
[15:39] <kekon3> I'm not talking about throw loops  
[15:39] <jjbx22> why would uwant the throws to throw further?  
[15:39] <assassinaltair7> I myself am a former pro fighting game player  
[15:39] <kekon3> some characters still get such advantage from throws that feel unneeded  
[15:39] <jjbx22> ofc they do  
[15:39] <kekon3> distance or lag is all it needs, by like 1-3 frames  
[15:39] <i\_came\_here\_to\_something> @Kekon3 I don't think it needs a speed boost, it's pretty much same speed as 3S. Throws are good enough distance as-is otherwise they become too powerful.  
[15:39] <jjbx22> if i throw u its my adv  
[15:40] <assassinaltair7> No views  
[15:40] <skooma\_dealer> is he saying powderpuff?  
[15:40] <i\_came\_here\_to\_something> But, they do need to adjust some of the Crush Counters, and jabs working so well as anti-airs (3S had the same problem just not as badly)  
[15:40] <kekon3> I feel like if I throw you, I should only get a damage pop and get no advantage  
[15:40] <jjbx22> nah  
[15:40] <fluffymoochicken> Ow ow ow ow ow  
[15:40] <jjbx22> i rather have the aadv than damage  
[15:40] <jjbx22> this isnt tekken  
[15:40] <dreamcatalog> lol  
[15:40] <fluffymoochicken> My PS4 is still having connection problems tongiht :(  
[15:40] <mrkarlsync> crouching jab or or standing jabs need to be done away with for AA in 5.  
[15:41] <jjbx22> ur lucky we cant combo off throws like other games can  
[15:41] <kekon3> I mean, for what I, as a player who wants to win wants, yeah I want throws with advantage

[15:41] <kekon3> but as a dev I don't want that  
[15:41] <i\_came\_here\_to\_something> In 3S you literally had chars like Remy who could get juggles into Super from certain normal throws. People still love the game tho (Remy really needed that tho b/c he's low-tier in 3S).  
[15:41] <skooma\_dealer> i cant wait for the end of the month  
[15:41] <jjbx22> tiers are opinions @I\_Came\_Here\_To\_Something  
[15:41] <i\_came\_here\_to\_something> Or shotos like Ken that could throw Dudley and then lift him off the ground w/ a Super

[15:42] <londorgael> rekt  
[15:42] <i\_came\_here\_to\_something> @jjbx22 It's mostly accepted Remy's low-tier in 3S. Him, Twelve, Sean, Hugo, and Q are usually in the low-tier.  
[15:42] <dreamcatalog> Fluoride is massively strong  
[15:42] <talionsshadow1138> dang, does Garuda have that low health?

[15:44] <fluffymoochicken> Lol that's low tier vs. top tier for ya  
[15:44] <dreamcatalog> xd  
[15:44] <skooma\_dealer> @ronni\_christensen hello! How is the weather there?!  
[15:44] <kekon3> Allen is designed after characters like Space Cobra  
[15:44] <stratman1909> how come they have old smash at evo  
[15:44] <mlito22885> Garuda = Necalli and Blanka fuse  
[15:44] <i\_came\_here\_to\_something> @Kekon3 Lower mid-high tier, plus it depends on the opponent and their char. You really need to know his shit to stand a chance in a lot of match-ups.  
[15:44] <fluffymoochicken> Allen is an AMERICAN

[15:44] <stratman1909> where's tekken 3 Kappa  
[15:44] <dreamcatalog> in 1999  
[15:45] <kekon3> well, in the same way that Q and Hugo are considered not good, but good players will still win hard with them  
[15:45] <mlito22885> Allen is an annoying matchup for Garuda  
[15:45] <skooma\_dealer> do you suppose twitter after they are purging red pilld motherfuckers  
[15:45] <skooma\_dealer> support\*  
[15:45] <skooma\_dealer> boycott twitter  
[15:46] <madibased> lulz  
[15:46] <i\_came\_here\_to\_something> Yeah but that's the thing: everything else equal, certain chars have big disadvantages compared to others. It's pretty noticeable w/ 3S. Parry only does but so much but yeah it comes down to the player.  
[15:46] <skooma\_dealer> phil dont go on twitter they are gonna purge your account for being too red pilld  
[15:46] <mlito22885> Facebook is worse Kappa  
[15:46] <kekon3> It's why 3S became so popular even if 4th Strike is a better version of the game  
[15:47] <kekon3> regardless of the differences in characters the idea is no matter what you are still able to win a match regardless of situation  
[15:47] <d1true\_travis> man yoshimitsu looks weird  
[15:47] <i\_came\_here\_to\_something> xD I don't know if 4th Strike's a "better" version, I though it was more for shits n' giggles  
[15:47] <mlito22885> Garuda with Juggernaut Gougi is much better  
[15:47] <skooma\_dealer> Twitter purge  
[15:47] <skooma\_dealer> Twitter is full on sjw  
[15:47] <londorgael> What second stream? PubG?  
[15:47] <kekon3> Yeah, we're talking about design differences on each SF  
[15:48] <showl1> Will you play 30th anniversary games when it comes out Phil?  
[15:48] <i\_came\_here\_to\_something> 3S got popular b/c of that Daigo/Wong EVO moment ;)  
[15:48] <mlito22885> Meter and speed @darksydephil

[15:48] <skooma\_dealer> dont point that at me  
[15:48] <kekon3> @I\_Came\_Here\_To\_Something yeah p much, the same thing could have happened to Garou or KOF2002  
[15:49] <skooma\_dealer> unless youre gonna end my sifering pull the trigger  
[15:49] <skooma\_dealer> i bought myself a gun for xmas

[15:49] <skooma\_dealer> can you own a firearm in WA?  
[15:49] <londorgael> is the second stream PUBG?

[15:50] <i\_came\_here\_to\_something> @Kekon3 Yeah. They had the NEC over the weekend. Was nice to see  
Chris G using Yang. I think he won it.  
[15:50] <kekon3> yeah, I cant say Super Turbo is pretty but hell if its not amazing to play  
[15:50] <skooma\_dealer> chun li is the hottest  
[15:50] <skooma\_dealer> hands down  
[15:50] <mlito22885> @Ornightz indeed  
[15:51] <kekon3> Mostly got reminded of how good the footsies in SF3 Felt, that playing SFV right now makes  
me miss it more  
[15:51] <skooma\_dealer> LEL xbox one x is 187 bucks on ebay right now  
[15:51] <skooma\_dealer> with battlefeild 1  
[15:51] <mrkarlsync> SF2T was my first fighting game, goodtimes.  
[15:51] <kekon3> thats why I want the "Speed boost" and "long list of changed hitboxes"  
[15:51] <dreamcatalog> sounds legit  
[15:51] <skooma\_dealer> ikr  
[15:51] <pinkdam> sounds like a steal

[15:51] <skooma\_dealer> sounds like steal yo money  
[15:51] <kekon3> if more moves were designed like SFV Urien's sHP then I wouldn't bitch  
[15:51] <assassinaltair7> Canâ€™t trust eBay  
[15:52] <dreamcatalog> it's an Xbox one with an x drawn on the top  
[15:52] <skooma\_dealer> i love amaon i used to fuck with ebay but not anymore  
[15:52] <rosshardie> @kekon3 yeah, anti airing in SFV hardly takes any real reactions unfortunately  
[15:52] <karlis\_k> cheer200 Go go gadget #charity !  
[15:53] <skooma\_dealer> i love amazon prime  
[15:53] <madibased> i myself, am a former fighting game pro  
[15:53] <kekon3> that too, proper anti airs with normals need to be a big deal  
[15:53] <skooma\_dealer> you know they have a drone that delivers in my area  
[15:53] <i\_came\_here\_to\_something> Urien's s. HP suits him, but I don't think that'd work for a lot of other  
chars, simply b/c their limbs are shorter. TBH Urien's long ass limbs have always annoyed me  
[15:53] <skooma\_dealer> i got a cook delivered by the drone  
[15:53] <skooma\_dealer> book\*  
[15:53] <assassinaltair7> I myself am a former pro fighting game player  
[15:53] <skooma\_dealer> LUL  
[15:53] <madibased> prob his best quote  
[15:53] <kekon3> I mostly bring up Urien sHP because then I think about Vega's cMP  
[15:53] <rosshardie> This game isnt as polished yet as SFV, and has a lot of cheap/broken stuff but at least you  
have to anti air properly. It actually takes skill and good reads.  
[15:53] <skooma\_dealer> tfw nobody likes me  
[15:53] <skooma\_dealer> imma sit in the cuck shed  
[15:54] <stratman1909> Kappa  
[15:54] <rosshardie> And the footsies are a lot better in this game too  
[15:54] <kekon3> those two moves against each other is a sad story

[15:54] <skooma\_dealer> KappaPride  
[15:54] <i\_came\_here\_to\_something> Well in both SFV and SF3 you can do standing jabs for anti-air :/  
[15:54] <mlito22885> cheer10 One very damaging combo lp mp hp qcf hp cancel to Qcf qcf p cancel into qcb qcb p try it in training we all know netplay has delays  
[15:54] <mrkarlsync> if the floaty combat stays ill be giving this game a miss. just not my style.  
[15:54] <kekon3> In SF3 AA jabs throw opponents away  
[15:54] <skooma\_dealer> power poof  
[15:54] <i\_came\_here\_to\_something> The difference btwn them is it's easier to move in and mix up off a jab anti-air in SFV vs 3S  
[15:54] <kekon3> the reason AA jabs was a problem was the opponent landed in front of you  
[15:54] <kekon3> yeah  
[15:54] <assassinaltair7> This game looks awful  
[15:54] <skooma\_dealer> pssst this game is not interesting  
[15:55] <rosshardie> @i\_came\_here\_to\_something anti air jabs are in most games, the difference is, they aren't guaranteed anywhere near as much and dont lead to 50/50s like SFV  
[15:55] <kekon3> @Skooma\_Dealer pls  
[15:55] <assassinaltair7> Change to pubg  
[15:55] <mlito22885> Rip AA jab in SfVAE supposively  
[15:55] <skooma\_dealer> FailFish im bored  
[15:55] <somethingyer2> is dsp going to play SFV AE?  
[15:55] <pinkdam> phil's controller must be haunted  
[15:55] <skooma\_dealer> @Kekon3 dont make me kiss you on the mouth  
[15:55] <kekon3> I've still got my copy of SFV so I'll be waiting. All my friends are gonna try it so I'm trying it too  
[15:55] <rosshardie> I dont think AA jabs are leaving SFV but the throw loops are going though supposedly  
[15:55] <kekon3> @Skooma\_Dealer pls, I belong to anybro  
[15:56] <skooma\_dealer> so do i fam  
[15:56] <jjbx22> the throw loops are gone  
[15:56] <skooma\_dealer> he got me this crown  
[15:56] <i\_came\_here\_to\_something> @RossHardie I know; that's what I was eventually getting at. I just find it funny sometimes w/ people complain about anti-air jabs in SFV as a whole but then don't seem aware that they exist in 3S as well. You know, random people saying stuff like that and whatnot.  
[15:56] <skooma\_dealer> its one big orgy in here  
[15:56] <i\_came\_here\_to\_something> Throw loops gone is gonna fuck w/ Ken's game a lot  
[15:56] <stratman1909> BigBrother  
[15:56] <uchihamadara1080> cheer10 How come you never played strider in mvc origins he is my favourite character in mvc1  
[15:56] <mrkarlsync> @Somethingyer2 either no outright or will be a patreon goal. im leaning more towards no because of the replays recording inputs. he says he blocks but was repeatidly downback light kicking on wakeup.

[15:57] <kekon3> I don't think SFV likes Ken  
[15:57] <rosshardie> @i\_came\_here\_to\_something yeah. I just hate the AA jabs in SFV because it takes away from the reactionary gameplay that made SF great and fun. Anyone can do them without even having to think  
[15:57] <somethingyer2> dood im blacking  
[15:57] <mlito22885> One I can say about this game its def not gunna be for everyone. Its more difficult then it looks  
[15:57] <jjbx22> ken and ryu should not be top tier tbh  
[15:58] <somethingyer2> fiiire BAAWUALLE

[15:58] <kekon3> if SFV was on the speed of this game but still played like SFV i'd probably have never dropped it

[15:58] <kingwhiterabbit> Hey Phil, are you feeling good today?

[15:58] <rosshardie> Some even trade on crossups, like Necallis what the hell is that nonsense ðŸ˜,

[15:58] <somethingyer2> sfv is boring as fuck

[15:58] <i\_came\_here\_to\_something> @Kekon3 Must feelsbadman . At least you aren't in Juri territory.

@RossHardie Agreed, tho I guess like everything else maybe they can exist as long as it doesn't dominate the meta unfairly.

[15:58] <somethingyer2> too slow

[15:58] <jjbx22> @Kekon3 thats to fast

[15:58] <stratman1909> tier lists change all the time

[15:58] <jjbx22> >game based on neutral and footies complains about it being to slow

[15:58] <skooma\_dealer> is there a mod for these chars to be naked?

[15:58] <somethingyer2> SFIV was faster than V.

[15:58] <jjbx22> @StratMan1909 why do u care about tier list should play who you like o-o

[15:58] <kekon3> It's not that fast, I've played FEXL, it's mostly fast because chains are universal

[15:58] <kekon3> and theres running instead of dashing

[15:58] <pinkdam> aww no more rematch

[15:59] <skooma\_dealer> quick question for chat: if you were at a bar and a gay guy wanted to buy you a drink, would you accept it?

[15:59] <mlito22885> the supers input @darksydephil

[15:59] <wxrxaxtxh> NO

[15:59] <kekon3> @Skooma\_Dealer ye

[15:59] <kingwhiterabbit> Comeon Phil kick his ass!

[15:59] <niatana> ye

[15:59] <skooma\_dealer> But what if he thought you were down for segs

[15:59] <i\_came\_here\_to\_something> SFIV felt faster than 3S tbh. I think SFV as-is is pretty close to regular 3S speed.

[15:59] <kekon3> I've done it in fact

[15:59] <skooma\_dealer> what if he spiked it with GHB

[15:59] <skooma\_dealer> :O

[15:59] <wxrxaxtxh> id give him jimbo's number

[15:59] <mlito22885> Garuda wins this match up imo

[15:59] <skooma\_dealer> LUL

[15:59] <i\_came\_here\_to\_something> Might be a thing of the 3D visuals making people think SFV's slower than it really is, maybe?

[15:59] <stratman1909> @jjbx22 i do use who i like

[15:59] <somethingyer2> yeah SFV looks pretty ugly too

[15:59] <skooma\_dealer> @Kekon3 what happened?

[15:59] <theycallmejimbo> cahman WxRxAxTxH NotLikeThis

[15:59] <jjbx22> then why care about the tier list lol

[16:00] <stratman1909> @jjbx22 i just meant that most lists are bs

[16:00] <somethingyer2> i really dislike how it looks imo

[16:00] <wxrxaxtxh> ahahahaha  
[16:00] <skooma\_dealer> awww that sucks, i dont like a person who cant add anything to a convo  
[16:01] <skooma\_dealer> esp when they have no opinion  
[16:01] <kingwhiterabbit> cheer 10 come on Phil kick his ass

[16:01] <wxrxaxtxh> isnt annonycoon gay too?  
[16:01] <kekon3> You know what the real shit is tho?  
[16:02] <reporterincheif> are they speaking wapanese  
[16:02] <kekon3> ono has always said SFV was going to coome out in 2018 until Sony stepped in and rushed development along  
[16:02] <mlito22885> Every special Skullomania does is punishable on block  
[16:02] <skooma\_dealer> Arent we all a bit gay  
[16:02] <i\_came\_here\_to\_something> To each their own @Somethingyer2 . I quite like SFV's art style. Especially now that they fixed most of the clipping problems.

[16:14] <sekander> ah ok right

[16:14] <i\_came\_here\_to\_something> @Talionsshadow1138 It's situational and doesn't happen too often, but sometimes you can get stuff like Ken's target combo into EX Shoryu not doing all hits on certain opponents (last hits of EX will miss so they can punish). But it seems to only happen off of doing target combo as a counter to certain attacks on certain opponents. Not all that often.

[16:14] <rockstar0182> mk1 also
